2) Mr. Babbitt ✓

Enclosed is a list of 139 recently received
items in the Russian language.

A request of mine for two weeks' naval reserve
training has been approved and I shall probably proceed on
this toward the end of June. If I did not begin this
training by the end of the fiscal year I would lose the
opportunity; as you see I held off as very long as possible.

We look forward to hearing from you soon.

Sincerely,

STAT
